WE HAVE BOUGHT for each the entire stock of ladies' underwear, manufactured by a firm going out of business. We bought them a strictly first cost of manufacturing, with a dis count of five per cent for cash, and have marked each piece in plain figures at invoice price, leaving us a margin of only five cents on the dollar. This profit seems small, but as we expect to turn this lot into cash again within one week

it will be an advanrage to us and a greater one

to our customers.

EEE THE CELEBRATED MINNESOTA

PATENT PROCESS FLOUR. s without a doubt the most BEAUTIFUL and the most is without a doubt the most BEAUTIFUL and the most NUTRITIOUS Flour in the world.

The Millers have not only the most perfect Mill, containing as it does all the most improved Machinery invented up to the present time, but they produce a Flour Unsurpassed by any mill in the world. To prove that, we would simply state that a large quantity of this magnificent Flour is shipped annually to Europe and eaten at the principal Courts of the old world. We Guarantee that it is made from selected hard wheat grown in Minnesota and Dakota. It is an acknowledged fact, that in this Floura perfect separation of the glutinous particles of the wheat berry and a thorough elimination of all weak and steachy aration of the glutinous particles of the wheat berry and a thorough elimination of all weak and starchy matter has at last been reached, and is consequently more NUTRITIOUS, yielding more bread to the barrel than any other Flour. The best trade admits that from its bread making qualities it is the cheapest, as well as the best, for either family or baker's use, and unsurpassed by any Flour made. Every sack and every barrel is warranted to give entire satisfaction.

STERLING'S ST. LOUIS FANCY. One of the most beautiful Winter Wheat Patents ever offered to the trade. It is unexcelled by any other Patent except Ceres, and will please the most exacting housekeeper and satisfy the most fastidious epi-GILT-EDGE.

A magnificent Winter Wheat Patent. RELIANCE. A splendid Minnesota Patent Flour, made by the celebrated Hungarian process. It is a very cheap and beautiful Patent, within the reach of all classes, and

GOLDEN HILL. The old reliable stand-by and the Standard Family Flour of the District. It is equal in quality to a great many high-priced Patent Flours, whilst it can be bought for considerable less money. We dely competi-tors to bring forth any Flour superior to CERES, STERLING, GILT-EDGE, RELIANCE or GOLDEN HILL, and we feel assured that any housekeeper who tries them once will never use anything else. For sale by all grocers.
